## Aptitudes

Leadership Skills
Effective Time Management
Adaptability
Teamwork
Ability to Work Under Pressure
Communication skills

## Languages

Spanish (Native speaker)
English (Advanced, C1)

## Personal Interests

Containers (Docker / Kubernetes)
Cybersecurity
Databases
Hardening
Operative Systems
Virtualization

## Profile

I am currently a 9th semester student of the Computer Systems Engineering career at Instituto Tecnológico de Morelia, with a specialty in Information Security.

I consider myself as a responsible, enthusiastic, and committed developer, who likes challenges and to learn new things every day.

## Education

### Computer Systems Engineering, Instituto Tecnológico de Morelia
**August 2017 – Today**
Information Security specialty.

Routers, switches and firewalls configuration, Information Security Management System planning and configuration, Cloud computing-based tools configuration and network scanning, penetration testing and hardening practices.

## Work

### Full Stack Developer, Freelancer
**Apr 2021 – Sep 2021**
I developed a private management software for a construction company.

### Full Stack Developer, INII Inversiones Inmobiliarias
**Oct 2021 – Today**
Currently working on a top-secret project! (Presentation December 7)

## Courses

### Introduction to Cybersecurity, Cisco Networking Academy
**November 2020 – December 2020**

### CCNA Routing and Switching: Basic principles of routing and switching
### CCNA Routing and Switching: Scaling Networks, Cisco Networking Academy
**August 2020 – February 2021**

## Skills

**Programming Languages**
Assembly (8086), C, C++, C#, Java, JavaScript, Kotlin, PHP, Python, SQL.

**Development Technologies**
Ajax, Bootstrap, Laravel, MariaDB, MySQL, Node JS, PostgreSQL, React, React Native, Redis, SQL Server, Svelte, UIkit.

**Pentesting Tools**
Aircrack-ng, Burpsuite, John the reaper, JoomScan, Lynis, Metasploit, Nessus, Nmap, OpenVAS, WireShark, Zphisher.

**Other Technologies and Tools**
Cisco Packet Tracer, Docker, Git, Hyper-V, KVM, Linux, Microsoft Office, OpenStack, ServerLess, TrueNAS, VirtualBox, VMware WorkStation, VMWare EsXi, Windows, Windows Server.
